Summary

MCA-appearing Computer Applications student with a good understanding of front-end and web development. Skilled in creating responsive and user-friendly websites using HTML, CSS, JavaScript, Bootstrap, and .Net with basic backend experience in MySQL and MySQL Workbench. Worked on projects like Signature Dance Academy and Medicare. Recently completed my internship at Texpot Infotech, gaining hands-on experience working with .NET technologies. I have experience in teamwork, problem-solving, and developing solutions within deadlines.
